5. Press the button below **SETUP**.

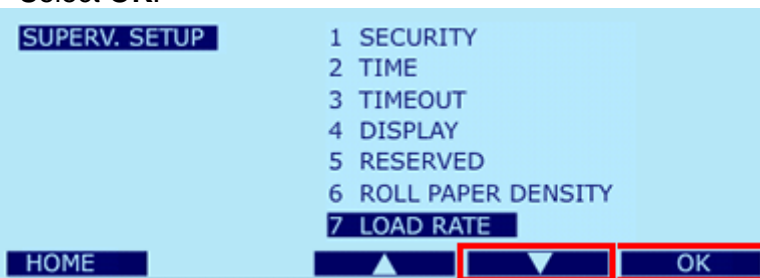

6. Using the down arrow, select **Option 7, LOAD RATE**.

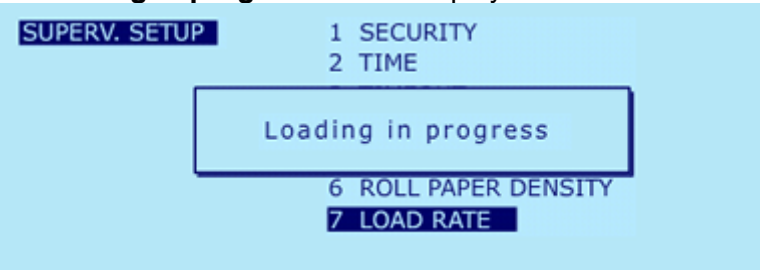

- Insert the rate card with the model number facing up into the slot on the side of the mailing machine.
- If the rate card is not inserted properly, the following error message will be displayed:

'E102 Waiting for memory card, insert and retry.'

- Select **OK**.

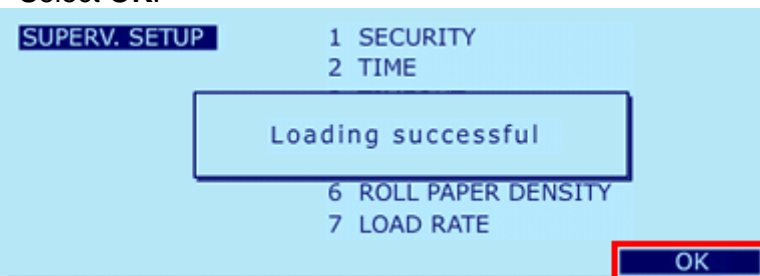

7. **Loading in progress** will be displayed.

8. Once the new rates have been loaded, **Loading successful** will be displayed.

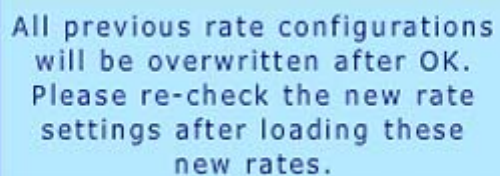

- Select **OK**.

9. Remove the rate card.

- Press the **LOCK** button to return to the main screen.
- The new rates will not become active until the USPS effective date of January 4th, 2010.

10. On the effective rate change date, the screen will display:

All previous rate configurations
will be overwritten after OK.
Please re-check the new rate
settings after loading these
new rates.

- Select **OK** after this statement. If you do not, the new rates will not become active.

11. Load the new rates only once.

- Loading the rates more than once will delete the current rates.

- If you have any questions, please wait until the rate change date to reload the rates.
